Module A Review Exercise, 9/28/04

Respond to the following questions concisely (try to fit *within the provided space*).

1. How could one predict the way an adult would raise their children based on the results of Adult Attachment Interview (AAI)? Why did you think so?

2. To what extent (chapters, level of detail) did you read the text? Were/are you motivated to do so? Were there anything you did not understand? Explain.
