Task: Complete all the components of Module C Evaluation including:

- Module C Evaluation Form (check all that apply, except for the criteria to be completed during the workshop)
- Supporting notes (you can show/send them to me in advance for comments)
- The first draft of your Project Paper (i.e., Exercise C3)
- The second draft of your Project Paper, reflecting the peer reviews on the first draft (done as Exercise C4)

- Do **not** include Multimodal Group Exercises C1 and C2 (being kept with the instructor)
- Do **not** include Critical Review Exercise C4 (to protect the reviewers' identity)

Note: You must have these as hard copy. Print necessary documents well in advance.

Further notes on writing (optional): If you were able to organize your paper according to the guidelines and want to analyze your paper for additional criteria, use the feedback key prepared by Prof. Konkle (English) available on-line:

<http://www.tcnj.edu/~komagata/fsp111/04f/Konkle-FeedbackKey.pdf>

This is recommended especially for those who will *not* take WRI102 during Spring 2005. You must have been advised whether to take this course. The exemption conditions are listed on this page (<http://www.tcnj.edu/~webtest2/writing/placement/index.html>). If you used the Key to further improve your paper, please note that you did so, so that the instructor pays attention to those additional criteria as well.
