

Exercise D5, 12/7/04

Task: Complete all the components of Module D Evaluation including:

- Module D Evaluation Form (check all that apply, except for the criteria to be completed during the workshop)
- Supporting notes
- All the exercises done in this module including the final draft of your Project Paper, reflecting the peer reviews on your presentation.
- The materials you kept from Module C, e.g., the second draft, if any.

Note: You must have these as hard copy. Print necessary documents well in advance.

Call for Papers: FSP111-01 On-Line Publication

You are invited to submit your final paper *also electronically* to me so that I can set up a web page containing your papers. Since our course web site is already on the search path of major web search engines such as Google, your paper and your name may be found through a web search. Depending on your comfort level, you may or may not include your name in your submission.
